

# Wera Screwdrivers

## Miniature Screwdrivers

The hand support on the easy-turning cap and the fast-turning zone below the cap accelerate the screw driving process. This makes time-consuming grip adjustments, which are required with conventional precision screwdrivers, unnecessary.

Miniature Screwdrivers			
Part Number	Description	Pcs/Pkg	Price Each
<b>TW-SD-SET-3</b>	Six piece miniature screwdriver set, includes four flat (slotted) and two Phillips (#00 and #0) screwdrivers with rotating caps and wall mount rack.	1 set	<--->
<b>TW-SD-MSL-1</b>	Miniature flat (slotted) screwdriver, 0.4mm (0.016 inch) thick x 2mm (0.08 inch) wide x 60mm (2.36 inch) long blade.	1	<--->
<b>TW-SD-MSL-2</b>	Miniature flat (slotted) screwdriver, 0.4mm (0.016 inch) thick x 2.5mm (0.10 inch) wide x 80mm (3.15 inch) long blade.	1	<--->
<b>TW-SD-MSL-3</b>	Miniature flat (slotted) screwdriver, 0.5mm (0.02 inch) thick x 3mm (0.12 inch) wide x 80mm (3.15 inch) long blade.	1	<--->
<b>TW-SD-MPH-1</b>	Miniature Phillips screwdriver, #0 x 60mm (2.36 inch) long blade.	1	<--->

**TW-SD-MSL-1**

**TW-SD-MPH-1**

## Hex Keys

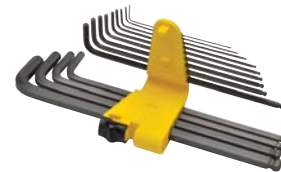

Hex-Plus L-keys for hexagon socket screws provide more contact surface inside the screw, which prevents rounding.

L-keys can transfer high torque but they must not twist to any great extent, or shear off, to minimize the risk of injuries. Wera's extensive experience with narrow tolerance manufacturing techniques, careful material selection and refined hardening technologies delivers maximum safety at work.

Hex Keys			
Part Number	Description	Pcs/Pkg	Price Each
<b>TW-HK-SET-MM</b>	Hex key set, nine-piece includes metric sizes from 1.5mm to 10mm with holder.	1 set	<--->
<b>TW-HK-SET-STD</b>	Hex key set, 13-piece includes inch sizes from 0.05 inch to 3/8 inch with holder.	1 set	<--->

Bit Drivers and Screwdriver Bits			
Part Number	Description	Pcs/Pkg	Price Each
<b>TW-DB-SET-SD1</b>	Bayonetting screwdriver with three flat (slotted) (4.5 to 6.5mm) and three Phillips (#1 to #3) bits stored in handle and carrying pouch.	1	<--->
<b>TW-DB-SET-28R</b>	Driver bit set, 28-piece in carrying case with mini bit ratchet, includes two adapters, one flat (slotted) (5.5mm), six Phillips (#1 to #3), five Hex-Plus (3/32 to 1/4 inch), six Torx (TX10 to TX40), five tamper-proof Torx (TX10 to TX30), and five Robertson (square) (#1 to #3) driver bits.	1	<--->
<b>TW-DB-SET-6A</b>	Driver bit set, six-piece in carrying case with 1/4 inch hex drive adapter, includes two flat (slotted) and four Phillips (#1 and #2) driver bits with diamond-coated tips.	1	<--->
<b>TW-DB-ADT-MAG</b>	Driver bit adapter, 1/4 inch hex x 75mm (3 inch) long with ring magnet.	1	<--->
<b>TW-DB-PH-1</b>	Driver bit, Phillips #1 x 70mm (2.75 inch) long, 1/4 inch hex drive, 10 bits per pack.	10	<--->
<b>TW-DB-PH-2</b>	Driver bit, Phillips #2 x 70mm (2.75 inch) long, 1/4 inch hex drive, 10 bits per pack.	10	<--->
<b>TW-DB-SL-1</b>	Driver bit, flat (slotted), 0.5mm (0.02 inch) thick x 3mm (0.12 inch) wide x 50mm (1.97 inch) long, 1/4 inch hex drive, 10 bits per pack.	10	<--->

## Torque Tools

Wera torque tools permit torque-controlled tightening to prevent damage to screws or work pieces and to guarantee the safety of screw connection. This makes labor-intensive drilling, re-tapping and production downtimes a thing of the past. All Wera torque tools are supplied with a calibration certificate.

Torque Tools			
Part Number	Description	Pcs/Pkg	Price Each
<b>TW-TD-2-11</b>	Torque driver, 2.5 to 11.5 in-lb adjustable setpoint, 1/4 inch hex driver. Driver bits not included.	1	<--->
<b>TW-TD-11-29</b>	Torque driver, 11 to 29 in-lb adjustable setpoint, 1/4 inch hex driver. Driver bits not included.	1	<--->

## Wera Screwdrivers

Wera is one of the world's leading manufacturers of screwdriving tools.

We offer these Wera tools:

**Standard Screwdrivers**

**Insulated Screwdrivers**

**Miniature Screwdrivers**

*Standard, Insulated and Miniature screwdrivers available in 6-piece sets with a wall mount rack included.*

**Bit Drivers and Screwdriver Bits**

**Torque Tools**

**Hex Keys**

## WERA Limited Lifetime Warranty

In addition to our standard 30 day money back returns policy, WERA offers a limited lifetime warranty on all screwdrivers. Driver bits and hex keys have a lifetime warranty against manufacturer's defects.

## Safety Precautions

Inspect each tool BEFORE every use to ensure that it is in proper condition and not damaged.

Avoid risks for yourself and others by making sure your work environment is safe.

Always wear appropriate and approved eye protection.

Always use the right tool profiles for the corresponding screws (for example, Phillips #2 screwdriver for a Phillips #2 screw).

NEVER modify tools.

Only use tools for their intended function:

- Never use screwdrivers as a lever.
- Never use hand tools as power tool accessories.
- Only use insulated tools and tools with appropriate IEC/VDE and GS symbols for working on live electrical applications.
- If using VDE insulated tools, never exceed the maximum voltage ratings.
- Do not expose the tools to extreme conditions such as extreme heat, which can alter the material properties of the tools and make them unsafe.
